

Customer information on Regulation (EU) 2019/1021 on persistent organic pollutants

General information

All DURAG GmbH products are developed and manufactured in accordance with the applicable regulations. To the best of our current knowledge, the products we supply to you do not contain any substances that are prohibited from being placed on the market.

We continuously check and pay attention with great care that none of our products violate the respective applicable law.

POP

The Stockholm Convention on Persistent Organic Pollutants (POP Convention) has been adopted into national law by various countries. Regulated in the European Union by means of Regulation (EU) 2019/1021.

Based on the information currently available, DURAG does not use any of these substances in products, nor are they knowingly added.

DURAG GmbH
Product Compliance Management

i.V. Rene Behrends
Product Compliance Manager

The information in this customer information is based on the current state of knowledge and legislation at the date of issue. New information on "Material Compliance" will be published on the DURAG website as soon as changes occur and will replace previous information.
